

## Craft Wire

Craft Wire can be easily and permanently shaped and is therefore most suitable for the creation of imaginative rings, pendants and earrings. It is a malleable silver or gold-plated copper wire.

### Tips and Tricks from Doc Griffin:

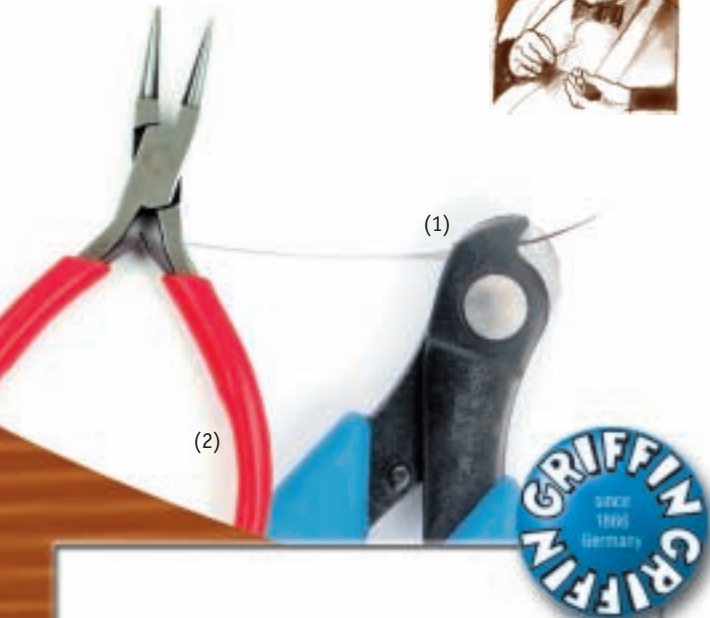

These tools are suitable accessories for working with Craft Wire:

GRIFFIN Hard Wire Cutter (1)

GRIFFIN Round Nose Pliers (2)

You are welcome to visit him on our homepage [www.griffin.de](http://www.griffin.de) or send him an e-mail to [drgriffin@griffin.de](mailto:drgriffin@griffin.de)

# CRAFT WIRE

## Craft Wire silver-plated

GRIFFIN Craft Wire is a malleable silver-plated copper wire which can be easily shaped to fanciful jewelry designs. Especially Craft Wire with a diameter of 1.0 mm is perfect to design necklaces out of single stands connected with endings. Use GRIFFIN Round Beads or small pearls and stones to finish off the Craft Wire endings

## Craft Wire gold-plated

GRIFFIN Craft Wire gold-plated is a pliable malleable gold-plated copper wire. It can be easily shaped to various designs by using Round Nose Pliers or Flat Nose Pliers. The diameters 0.25 mm and 0.40 mm can even be knotted and crocheted.

GRIFFIN Craft Wire silver-plated is available in 4 diameters (0.25 mm, 0.40 mm, 0.60 mm, 0.80 mm and 1.00 mm).

We offer GRIFFIN Craft Wire gold-plated in 4 diameters (0.25 mm, 0.40 mm, 0.60 mm, 0.80 mm and 1.00 mm).
